

FOR SALE
\$600,000

CANNABIS

This is a rare opportunity to acquire a fully built-out, turnkey cannabis dispensary in a prime, high-traffic Orange County location—offered at a significant discount from the already reduced \$995,000. The business is priced nearly 40% below market due to a non-asset-specific lawsuit involving the ownership entity (not the dispensary itself), which is nearing resolution. Approximately \$278,375 in back rent and fees will be credited toward the purchase price, allowing the buyer to secure a fully licensed storefront at exceptional value.
